

Shirley Grobson (left), a volunteer with the Sisters of St. Joseph Neighborhood Network, and Judy Hauser, a case manager at Mercy Center, check out the view from the second floor bedroom of a new single family home at 17th & Chestnut. The house is one of three new-builds just completed in Erie's Little Italy. The homes are part of an ongoing effort led by the Housing And Neighborhood Development Service (HANDS) and the Sisters of St. Joseph Neighborhood Network to make the historical neighborhood more livable.
